

## **GOVERNMENT COLLEGE OF ENGINEERING, SALEM-11**

### **Training of Soft Skill and IT/ iTES to the final year students by ICT Academy of Tamil Nadu**

Skill Development & Youth Empowerment Program for Engineering graduates The Government of India in collaboration with the Government of Tamilnadu initiated ICT Academy to offer skill development and Youth Empowerment program for the Engineering Graduates. As a part of this remarkable initiative a twenty-day certification program, offered by ICT Academy, has been organized in our college premises with the objective of enhancing communication skills and imparting intensive knowledge on Data Science and Big Data Analytics for the selected final years students from ECE and CSE Departments.

This program has been inaugurated on 04.09.2017 (Monday) in the presence of the Principal, respective Heads of ECE and CSE, the Master Trainer (ICT), the Project Coordinator (ICT), Relationship Manager (ICT) and the Faculty members, along with the fifty selected meritorious students from ECE and CSE departments. The First session of this twenty-day certification program has its focal point on Soft skills; English Language skills, Leadership skills, Presentation skills, Interview skills and Communication skills. The Second session of the program lays emphasis on Data Science and Big Data Analytics; Data Analytics Lifecycle, Advanced Analytics-Theory and Methods, Advanced Analytics-Technology and Tools: Hadoop and HDFS. The predominant aim of this training program is to equip the students in every possible way so as to make them compete with the pool of potential aspirants in the Global Job Market.

## ISSUE OF COURSE MATERIALS TO THE STUDENTS
