**Any Suggestions for Improvement of Institution :**

I would like to suggest that 1. Improve the placement by the alumni association.

---

2. Teach the complete syllabus as much possible.

3.Improve the hostel facilities

4.Quality of teaching by faculties should be improved

5.Examination should be conducted on the complete syllabus

### ALUMINI SURVEY FORM

The Students of the Government College of Engineering, Salem are dedicated to the continuous improvement of undergraduate engineering programs. The information that you Provide through this survey will be very helpful in this process. We appreciate your help in filling out this survey. Thank you for your cooperation and support.

1. Department Electrical and Electronics Engineering
2. Name Agalya J
3. Gender Female
4. Email id agalyajawahar001@gmail.com
5. Year of under graduation 2021
6. CGPA 8.73
7. Class of Degree ~~BE~~ ~~EE~~
8. Class Obtained : I class with Distinction
9. Placement: others
10. Name of the Company
11. Job Title & Description

(Please rate each of the following skills, abilities and attributes in terms of their importance and use in your job, and state how your education at Government College of Engineering prepared you for these. (Rows = Skills, Abilities and Attributes) (Columns = Level of preparation at GCE) \*3=Very Important, 2=Important, 1= Less important 0 = Not important)

S. No.	Questions	Very Important (3)	Important (2)	Less important (1)	Not Important (0)
1	Apply Knowledge of mathematics, Basic Science and Engineering	✓			
2	Problem identification and analysis		✓		
3	Design a system and develop solution to the problem		✓		
4	Design and conduct experiments, interpretation of data and synthesis of information to provide valid conclusions			✓	
5	Ability to use techniques and tools in engineering practice		✓		
6	Understand and appreciate the impact of engineering in societal and global contexts		✓		
7	Be aware of existing issues (eg. Economics of Engineering, Environmental issues)		✓		
8	Understand professional and ethical responsibilities as an engineer		✓		
9	Function effectively in team member in multidisciplinary activity		✓		
10	Effective Communication (oral and Written)	✓			
11	Employ effective project management skills and financial principles to develop project plans in multi-disciplinary environments		✓		
12	Be aware of the need for lifelong learning (seeking further education, self-learning, membership in professional societies)		✓		

**Signature of the Alumini**

### ALUMINI SURVEY FORM

The Students of the Government College of Engineering, Salem are dedicated to the continuous improvement of undergraduate engineering programs. The information that you Provide through this survey will be very helpful in this process. We appreciate your help in filling out this survey. Thank you for your cooperation and support.

1. Department :Electrical and Electronics Engineering
2. Name : **Ajithkumar R**
3. Gender : Male
4. Email ID: : ajithkumarraja62680@gmail.com
5. Year of Under Graduation 2017 to 2021
6. CGPA : 7.9
7. Class of Degree : BE
8. Class Obtained : I class
9. Placement:
10. Name of the Company :
11. Job Title & Description :

(Please rate each of the following skills, abilities and attributes in terms of their importance and use in your job, and state how your education at Government College of Engineering prepared you for these. (Rows = Skills, Abilities and Attributes) (Columns = Level of preparation at GCE) \*3=Very Important, 2=Important, 1= Less important 0 = Not important)

S. No.	Questions	Very Important (3)	Important (2)	Less important (1)	Not Important (0)
1	Apply Knowledge of mathematics, Basic Science and Engineering	✓			
2	Problem identification and analysis	✓			
3	Design a system and develop solution to the problem	✓			
4	Design and conduct experiments, interpretation of data and synthesis of information to provide valid conclusions		✓		
5	Ability to use techniques and tools in engineering practice	✓			
6	Understand and appreciate the impact of engineering in societal and global contexts	✓			
7	Be aware of existing issues (eg. Economics of Engineering, Environmental issues)	✓			
8	Understand professional and ethical responsibilities as an engineer	✓			
9	Function effectively in team member in multidisciplinary activity	✓			
10	Effective Communication (oral and Written)	✓			
11	Employ effective project management skills and financial principles to develop project plans in multi-disciplinary environments	✓			
12	Be aware of the need for lifelong learning (seeking further education, self-learning, membership in professional societies)	✓
