YOUTH RED CROSS (YRC)

REPORT ON ELECTION AWARENESS PROGRAMME – 2026

Date: 06.04.2026

The Youth Red Cross (YRC) of Government College of Engineering, Salem, successfully conducted an **Election Awareness Programme** on 6th April 2026 with the objective of promoting the importance of voting and encouraging 100% voter participation among students.

The programme was presided over by the Principal Dr.V.Geetha, who delivered a motivating address emphasizing that voting is not only a fundamental right but also a moral responsibility of every citizen. She encouraged students to actively participate in elections and to spread awareness about the importance of voting in society. The programme was coordinated by the YRC Programme Officer Dr. K. Kavitha.

The programme was organized under the theme “100% Vote Formation”, emphasizing the responsibility of every eligible citizen to exercise their right to vote. The event witnessed active participation from students, faculty members, and YRC volunteers. The students then took a pledge to vote responsibly and to motivate others to do the same, thereby contributing to achieving the goal of 100% voting.

As a part of the initiative, a rally was conducted within and around the college premises, under the guidance of Principal Dr.V.Geetha. Students carried placards and banners displaying impactful slogans such as “Your Vote Shapes the Nation’s Future”, “Your Vote is Your Right”, “Vote Today for a Brighter Tomorrow.” The rally aimed to spread awareness among the public and motivate them to actively participate in elections.

An EVM (Electronic Voting Machine) demonstration was also conducted to familiarize students with the voting process. The demonstration helped students understand how to cast their vote correctly and confidently during elections.

The enthusiastic participation of students created a strong impact, and the rally successfully conveyed the message of civic responsibility to the community. The programme helped in instilling a sense of duty and awareness among young voters.
