Awareness on single use of plastics to school students

On July 3, 2019, an awareness session on the single use of plastics was conducted for school students at Government Elementary School, Karuppur. The session aimed to educate students about the harmful effects of single-use plastics on the environment and promote sustainable alternatives. Various topics were covered, including the impact of plastics on marine life, the importance of reducing plastic waste, and the role of students in creating a plastic-free environment. Interactive activities, such as quizzes and games, were organized to engage students and reinforce key messages. Overall, the session was informative and inspiring, encouraging students to adopt eco-friendly practices and reduce their use of single-use plastics.
