Based on the CO – PO attainment consolidation:

1. If CO is attained increase the target level for the next academic year. If it is not attained, then the target level may be revised or an area of additional focus can be identified.
2. Pre-requisite subjects may be revised, before studying the particular course for which CO is not attained.
3. If credit given to the course is not sufficient to complete the syllabus, then credits can be increased to 4 or obsolete topics can be removed if the same credit has to be maintained.
4. Industry expert talks can be arranged.

Based on students' feedback:

1. Interactive Teaching - Encourage teachers to use more engaging methods like Quiz, hands-on activities, and tutoring activities for concepts with problem solving.

2. Industrial Visits may be arranged.
3. For Theory paper faculties are encouraged to use tools like PPTs including demonstrating videos for working principles.
4. Subject content needs to be revised in sequence.
5. Faculties are encouraged to attend FDPs on their specialization.

Feedback arrives based on Faculty, Alumni, Employer and Parents:

- Encourage alumni involvement in research initiatives and provide resources for continuous learning.
- Strengthen ties with industries for better internship and placement opportunities for current students.
- Encouraging students to take initiative in new industry projects.
