REPORT ON THE INDUCTION PROGRAM FOR FIRST YEAR B.E. STUDENTS

1st AUGUST – AUGUST 24th 2019

The Induction program for first year B.E. students for the academic year 2019-2020 was conducted at Government College of Engineering, Salem.

Purpose of the Induction Program was to help the freshers to adopt and feel comfortable in the new environment, inculcate in them the ethos and customs of the institution, help them to build a friendly relationship with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

Everyday the program begins with a wakeup call at 6.00 am in the hostel. After that the students were assembled in the playground everyday at 6.45 am for warming up through jogging, running and simple exercises.

The Induction program was inaugurated on 1st August 2019. The notable Rotarian Mr.S.S.Yuvaraj delivered the chief guest address. Then the students were grouped according to their interest in extra-curricular activities.

Everyday four sessions were planned in which special lectures, yoga, communication skills training and extracurricular activities like arts and craft, dancing, singing, essay writing, drawing and elocution were conducted as per the framed schedule.

The special lectures were delivered by resource persons from various fields which helped the students to overcome their qualms and hesitations. The lectures were delivered on “Who am I”, “Human values and Ethics in 21st century”, “Stay focused”, “Personality development and Life skills”, “Opportunities in Engineering field in industries and government departments” etc.,

To create awareness and update the current trends topics like, “Cyber Security”, “Industry 5.0”, “Internet of Things”, “Awareness of GATE”, “Lecture on Placement” were also included.

To achieve physical and mental disciplines yoga sessions were conducted by well trained yoga experts. The yoga helped the students to improve will power, balance physical and mental power, rejuvenate body cells through breathing and to manage stress.

Inorder to acquire better communication skills sessions on “Proficiency in English Skills” were conducted by experts. Sessions on computer practice, motivated the students to improve their skills using computers.

Extracurricular activities like arts and craft, dancing, singing, essay writing, drawing and elocution were conducted to showcase the students hidden talents.

To familiarize the students with the campus, they were taken round the campus and were involved in gardening and campus cleaning. They became aware of the importance of keeping the environment clean and green. The students were taken to Mettur dam on a one day trip which was enjoyable.enjoyable.

The students were encouraged to involve themselves in sports activities everyday around 4.30 pm. After this the students were allowed to have informal interaction with their fellow students and to prepare for the next day activity.

The students performed debate on "Internet – Good or Bad for the society" on the dais.

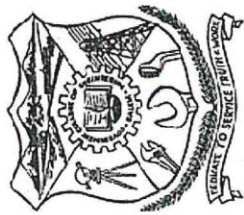

The final day the arts and craft, drawings and paintings of the students were exhibited in front of the auditorium. The Principal and Chief Faculty Advisor (I year) appreciated their talents.

The program ended with the valedictory function on 24th August 2019. The students were appreciated for their enthusiastic participation and wholehearted involvement through the distribution of participation certificate.

Feedback were collected from all the students and a few students gave their feedback on the dais during the valedictory function. This was followed by the National Anthem.

The Induction program was very successful. The students felt very happy and gave feedback that it was very useful and enjoyable.
