Sub- Submission of Report to IQAC – IEEE Student branch Workshop on “Electrical CAD Design” – Reg.

On behalf of the IEEE Student Branch, one-day workshop on “*Electrical CAD Design*” was conducted for the students of the Department of Electrical and Electronics Engineering on **15.05.2025** at the Department Seminar Hall. The workshop was organized with resource persons from **AGASTHIYA MIDST, Salem**, and focused on imparting practical skills in electrical CAD tools. Around **80 students** participated and benefitted from the technical sessions and hands-on training. The report of the event is enclosed for your kind reference.

Thanking You

One day Workshop on
“Electrical CAD Design”
15.05.2025

On behalf of the IEEE Student Branch, a one-day workshop on “*Electrical CAD Design*” was organized for the students of the Department of Electrical and Electronics Engineering (EEE) on 15.05.2025 (Thursday) at the Department Seminar Hall.

The workshop was conducted by experienced professionals from **AGASTHIYA TRAINING MIDST, Salem**, who has expertise in the field of Electrical CAD applications. The main objective of this workshop was to introduce students to practical design skills using electrical CAD tools, which are essential in modern electrical engineering practices. This program aimed to enhance the students’ technical proficiency and to better prepare them to meet industry requirements.

The inaugural session began with a warm welcome address by Prof. R. Ramamoorthi, Assistant Professor/EEE and Student Counsellor of the IEEE Branch. This was followed by the Presidential Address delivered by Dr. V. Geetha, Head of the Department of EEE, who highlighted the importance of CAD-based design skills in the evolving engineering landscape.

The technical session was handled by Mr. V. Prabhakaran, Senior Software Engineer, who provided detailed insights into electrical CAD design methodologies. He also guided the participants with hands-on training, enabling them to gain practical exposure and improve their design competencies.

The workshop received an overwhelming response, with around 80 students from the Department of EEE actively participating and benefitting from the sessions. The students expressed that the training was highly informative and useful for bridging the gap between academic learning and industrial practices.

The event concluded successfully, fulfilling its objectives of providing valuable skill development opportunities to the students and motivating them towards adopting modern design tools in their engineering journey.

Sub- Request for Permission to Conduct Workshop on Electrical CAD Software Design-
Reg

On behalf of the IEEE Student Branch, we would like to seek your permission to conduct a workshop on Electrical CAD Software Design for the students of the Department of Electrical and Electronics Engineering. The resource persons for the workshop will be from AGASTHIYA MIDST/ENGINEERS, Salem, who are well-experienced professionals in this domain. The workshop is planned to be held on 15.05.2025 (Thursday) during the afternoon session at department seminar hall. The objective of this workshop is to introduce students to practical design skills using electrical CAD tools, which are essential in modern electrical engineering practices. It will help enhance their technical proficiency and better prepare them for industry requirements.

Thanking You
