6.	Inauguration – Awareness on service programs for students, "How to become positive agents of their community"	LEO-Etrics club	02-02-2020	450	19-27

## **Service Camp (Yercaud)**

The Leo Club organized a service camp to Yercaud on July 22, 2019, with the aim of contributing to community development and fostering a sense of social responsibility among its members. The event brought together 30 enthusiastic students, eager to make a positive impact through their collective efforts. The service camp comprised a series of activities designed to address various community needs and promote sustainable development.

The service camp left a positive impact on both the participants and the community of Yercaud. The Leo Club's commitment to service was reflected in the improved environmental conditions, enhanced health awareness, and strengthened community bonds. The 30 students actively involved in the camp expressed a sense of fulfillment and personal growth through their service-oriented endeavors. The experience fostered teamwork, leadership, and a deeper understanding of the challenges faced by communities in need.

## Blood Camp

The event took place on 06-08-2019 at Government college of engineering, Salem. The primary goal was to promote voluntary blood donation and raise awareness about its significance in saving lives. The LEO Club was responsible for coordinating and executing the event. Collaboration with local medical professionals and a recognized blood bank ensured a safe and efficient blood donation process. The camp commenced with an inaugural ceremony featuring speeches from club members and medical professionals. The event attracted a diverse group of participants, including students and faculty. Participants underwent a brief medical screening to assess their eligibility for blood donation. A well-equipped donation area with trained medical professionals facilitated the blood collection process using sterile and disposable equipment. Donors were provided with refreshments post-donation, ensuring their well-being and recovery. Informative sessions were conducted to educate participants about the importance of blood donation and dispel myths surrounding the process. Educational materials on blood donation were distributed to enhance understanding and encourage future participation.

The event created a positive impact by fostering a sense of community, social responsibility, and philanthropy among participants. The blood donation camp was a success, with a significant number of donors contributing. The LEO Club expressed commitment to organizing similar events in the future to continue supporting this life-saving cause.

## Collect items for battered women Awareness Activity

The LEO-Etrics Club organized an awareness activity on August 8, 2019, focusing on collecting items for battered women. The event aimed to raise awareness about the challenges faced by women who have experienced domestic violence while simultaneously providing tangible support through the collection of essential items. With the participation of 110 individuals, the event proved to be a significant step toward fostering empathy and social responsibility.

Informational sessions were conducted to educate participants about the prevalence of domestic violence and the specific challenges faced by battered women. The LEO-Etrics Club emphasized the importance of creating a supportive community to address and combat domestic violence. Participants were encouraged to bring items such as toiletries, clothing, and non-perishable food items to be donated to local shelters supporting battered women.

Donation boxes were strategically placed at convenient locations to facilitate the collection process. The collective efforts of the LEO-Etrics Club and the 110 participants resulted in a significant collection of items for battered women. Donations included a wide range of essential items, from personal care products to clothing and non-perishable food items. The impact of the awareness activity extended beyond physical donations. Participants reported an increased understanding of the issues surrounding domestic violence, expressing a commitment to continued support for survivors. The event succeeded in creating a platform for open dialogue and support within the community.

## **Etrics Week Students Activity (5 days)**

In the year 2019-2020, our first weekly meeting started on 12/08/2019. LEO weekly meets were conducted on every Thursdays at 4.30 to 5.50pm. In every club meet, our goal is to improve the confidence level of the students and encourage them to participate in the events conducted for them. These events consist of info sharing, battered women Awareness communication games, solo games, duo games and group activities. This kind of activity will enhance their self-confidence and their ability to work with a team.

Prices will be distributed for the winners and the active participants which will encourage the other members to participate eagerly.

## **Home Visit Karunai Illam**

On October 28, 2019 (Saturday) 10.00 a.m on behalf of LEO Club of Government College of Engineering, Salem – 11. Second, Third and Final year students had a home visit to karunai Illam at Salem.

Leo S.Kalaivanan, president of LEO Club of GCE salem initiated the programme by welcoming all the dignitaries. And then Leo T.Dharmadurai, Secretary of LEO of GCE Salem gave his motivational speech to children. And then Mrs.Sumathi, incharge of Thai Anbu Illam gave the speech about their home. The speech was about the foundation of home and the future development of home. And then Leo G.Shangugapriya, Secretary of LEO club of GCE Salem gave a vote of thanks.

After the inauguration of the program, we LEO's of GCE Salem sponsored grocery, stationary items, and sports materials worth of Rs.4000 to the home. Followed that some cultural events were conducted. In that event, children of that home were participated actively and showed their talents in singing and dancing. We made them laughter, but they made us laugh more laughter and happier. Their smiles gave immense pleasure to our heart. At the end, they prayed for our club, our college, our world. Then we returned to college by Bus on 2.45 pm.

## **Inauguration – Awareness on service programs for students, "How to become positive agents of their community"**

The LEO-Etrics Club marked a significant milestone on February 2, 2020, with the inauguration of an awareness program focused on service programs for students. The event aimed to inspire and educate students on becoming positive agents of their community. With an impressive turnout of 450 individuals, the inauguration set the stage for a series of initiatives to foster social responsibility and community engagement.

The event began with a keynote address by a prominent community leader, who shared insights into the transformative power of community service and the role of students in shaping a better future. Representatives from the LEO-Etrics Club introduced upcoming service programs, including initiatives focused on education, environmental sustainability, and community development. Engaging and interactive sessions were conducted to encourage active participation and dialogue among the attendees.

Participants had the opportunity to share their ideas and perspectives on how they could contribute to their communities. The inauguration provided networking opportunities for students to connect with like-minded individuals, fostering a sense of community and collaboration.

The LEO-Etrics Club is poised to build on this momentum, with a comprehensive plan for future service initiatives and educational programs to empower students as positive agents of their communities.
