Academics:

An examination on special subjects will be conducted on 14 June 2022 for all the cadet. And our cadets have made remarkable achievements our second-year cadet Akash had achieved 3rd position.

Volley Ball:

Volley ball matches have been conducted on the camp between each institution. Our GCE team have secured the 3rd position among the 12 institutions.

Throw Ball:

A Throw ball match has been conducted for SWs between 12 institution and our cadets from GCE have secured the 2nd position.

Line Area:

Line area events have been conducted on the camp. It's a golden opportunity for our cadets to express their creativity and our GCE team have secured 2nd position. And our 14 cadets have been selected for the next higher level for representing 5 TN AIR SQN TECH NCC. We are very happy to say that our Institution has secured Overall Second Place in the camp and seven individual medals for academics, josh run and throw ball.

Puneet Sagar Abhiyan

On behalf of International Youth Day on 12.08.2022 Government College of Engineering, Salem and CSI Polytechnic College, Salem organised River Cleaning Activity - Puneet Sagar Abhiyan.

In this activity 52 NCC cadets from both of the colleges gathered near riverbed of Varatteri nearly 9.30 am. All of the cadets participated and clean the riverbed of Varatteri which is 150 meters backside of Salem Central Jail. The cadets clean the riverbed by picking up of Bio-Degradable wastes and Non Bio-Degradable wastes and drop the wastes into the Gunny Bags under the Supervising of Flying Officer Mohanraj.M of Government College Of Engineering, Salem and Flying Officer Vijay Babu of CSI Polytechnic College, Salem.

During this activity the cadets undergoes suitable measures such as Hand Gloves, Cleaning Spade, Dettol and Gunny Bags for carrying this activity without Causing any Infection to cadets. At last, the wastes are collected to the Gunny bags and handover it to the Local Panchayat Bodies. Overall 40Kg (10 Big Gunny Bags) Plastics Collected and 25Kg Plastic Deposited for Recycling.

Tree plantation and Independence Day celebration

On the 15th of August 2022, Government College of Engineering Salem 11 commemorated India's 76th Independence Day with a vibrant celebration organized by the NCC Airwing. The venue echoed with patriotic fervor as students, faculty, and dignitaries gathered to honor the nation's freedom.

The ceremony commenced with the hoisting of the national flag, followed by cultural presentations that reflected India's rich diversity. The highlight of the event was a stunning performance by NCC cadets, showcasing impeccable drill sequences. Their synchronized movements captivated the audience, symbolizing unity and discipline.

To culminate the celebration, a meaningful tree plantation event took place. This gesture underscored the commitment to environmental sustainability, merging patriotism with a dedication to nurturing a greener future.

The celebration organized by the NCC Airwing of Government College of Engineering Salem 11 was a testament to the collective spirit of patriotism and environmental consciousness among the attendees. It not only commemorated India's independence but also emphasized the importance of preserving the environment for future generations.

The amalgamation of the NCC cadets' mesmerizing drill sequences and the significant tree plantation event encapsulated the essence of the Independence Day celebration. It fostered a sense of responsibility, citizenship, and commitment, reinforcing the significance of honoring the country's heritage while ensuring a sustainable tomorrow.

Awareness program on CPR – The life saving technique

On the 30th of August 2022, Government College of Engineering Salem witnessed a transformative CPR awareness program facilitated by the NCC Airwing, engaging 20 NCC cadets. The venue served as an educational hub for disseminating critical life-saving techniques, particularly focusing on Cardiopulmonary Resuscitation (CPR).

The session comprised interactive demonstrations, theoretical insights, and hands-on practice sessions, equipping the cadets with essential CPR skills. The training emphasized the immediate steps needed to respond effectively to cardiac emergencies, highlighting the significance of prompt intervention in saving lives.

Government College of Engineering Salem provided a conducive environment for learning and practical application, enabling cadets to grasp the fundamentals of CPR. The training sessions were comprehensive, covering techniques for assessing a situation, performing chest compressions, and administering rescue breaths.

The initiative aimed not only to educate NCC cadets but also to empower them as first responders in emergency situations within their communities. Beyond the theoretical knowledge, the practical experience instilled confidence in their ability to act swiftly and decisively during critical moments.

By hosting this CPR awareness program, the NCC Airwing of Government College of Engineering Salem illustrated its commitment to equipping youth with life-saving skills. This initiative stands as a testament to the potential of informed individuals to make a substantial difference in emergency situations, fostering a community prepared to respond effectively to medical crises.

Mega blood donation drive

On the 26th of November 2022, Narasu's Sarathy Institute of Technology became a hub of humanitarianism and compassion as it hosted a momentous blood donation camp. The event witnessed the participation of 25 flight cadets from the NCC Airwing of Government College of Engineering Salem 11, showcasing their commitment to altruism and community welfare.

The camp, initiated around 11:00 am, aimed to address the critical shortage of blood in healthcare facilities and promote the noble cause of voluntary blood donation. It attracted a significant turnout from students, faculty, and local residents eager to contribute to this lifesaving initiative.

The NCC flight cadets, driven by their sense of duty and service, actively engaged in the donation drive. Their participation not only underscored their dedication to social responsibility but also inspired others to join in this act of selflessness.

The event was meticulously organized, adhering to stringent health and safety protocols. Medical professionals supervised the process to ensure the well-being of donors and the proper collection of blood units.

The enthusiasm and spirit of philanthropy were palpable throughout the camp. Donors, including the NCC cadets, demonstrated remarkable empathy and courage, recognizing the invaluable impact of their contributions in saving lives.

The collaborative effort between Narasu's Sarathy Institute of Technology and the NCC Airwing exemplified the power of collective goodwill and solidarity in addressing healthcare challenges. It not only bolstered the blood bank reserves but also reinforced the ethos of social responsibility among the youth.

This blood donation camp served as a poignant reminder of the significance of voluntary blood donation in sustaining healthcare services. It echoed the ethos of compassion and selflessness, fostering a culture of giving that transcends boundaries and makes a tangible difference in the lives of those in need.

National pollution control day

On the 2nd of December 2022, Government College of Engineering Salem - 11, in collaboration with 25 flight cadets from the NCC Airwing, orchestrated an enlightening awareness program commemorating National Pollution Control Day. The venue provided a fitting platform to address critical environmental concerns and advocate for sustainable practices.

The program aimed to shed light on the detrimental effects of pollution on the environment and human health. Through a series of informative sessions, workshops, and interactive discussions, participants delved into the various facets of pollution, its sources, and potential mitigation strategies.

The active involvement of the NCC flight cadets added vigor and enthusiasm to the program. Their engagement underscored the importance of youth participation in combating environmental challenges and promoting eco-friendly initiatives.

Discussions centered around air, water, and soil pollution, emphasizing the need for collective action to mitigate these threats. Practical solutions such as waste reduction, recycling, and afforestation were highlighted as effective measures in curbing pollution.

The event also featured presentations on the significance of sustainable living, renewable energy adoption, and the role of individuals in creating a cleaner environment. It encouraged attendees to pledge their commitment to reducing their carbon footprint and advocating for eco-conscious practices in their communities.

The collaboration between Government College of Engineering Salem - 11 and the NCC Airwing exemplified a shared commitment to environmental stewardship. It served as a catalyst for raising awareness and fostering a sense of responsibility toward safeguarding the planet.

The program concluded with a call to action, urging all participants to become ambassadors for change by implementing the knowledge gained and spreading awareness about pollution control. It underscored the imperative of collective efforts in preserving our planet for future generations.

This initiative not only marked National Pollution Control Day but also catalyzed a movement towards a more sustainable and environmentally conscious society, driven by informed and empowered individuals.

Circular

Date: 30.11.2022

Circular

It is informed that NCC activity "National pollution control day" is about to take place on "02.12.2022", at Government College of Engineering Salem. It is informed that all interested volunteers, can give name to incharge of NCC to participate in this activity.
